

RELATIONS BETWEEN OTHER ENTITIES AND THE DISTRICT

The Holmdel Township Board of Education believes that cooperation between the schools and other organizations concerned with youth, career development and mental health will enhance the opportunities of the district's pupils. Such cooperation will also enable the district to serve its pupils better through appropriate referrals as in substance abuse programs, special needs, etc. The Superintendent is encouraged to explore areas of mutual concern with the administrative officers of such organizations and to recommend desirable courses of action.

The Board directs the Superintendent to seek and maintain working relationships with colleges and universities in such areas as student teaching, staff development and advanced placement.

Donations to Private Organizations

The authority for a Board of Education to expend public funds is derived from the constitutional mandate to "provide for the maintenance and support of a thorough and efficient system of free public schools." The donation of monies to any private organization, regardless of the merits of that organization's purposes, is not within the authority of the Board and is, therefore, prohibited.

Charter Schools

The Board shall follow all procedures in code and statute when a charter school is proposed for the district or when district students would be eligible to attend a charter school in another district.
